Since 2005, PHS/SPCA has traveled throughout communities in San Mateo County and San Francisco with a state-of-the-art mobile veterinary clinic to perform free spay and neuter surgeries for cats and dogs. The program is the only one of its kind in the Bay Area and has provided families and pet owners with limited financial means the ability to fix their pets thus eliminating the possibility of unwanted litters. This mobile clinic has been instrumental in addressing the challenges of animal overpopulation and is funded entirely by donations to PHS/SPCA.

About the Peninsula Humane Society & SPCA

The Peninsula Humane Society & SPCA (PHS/SPCA) is a local, private, non-profit charitable organization dedicated to animal welfare. Among our major programs, PHS/SPCA adopts fully 100% of the healthy dogs and cats in our care and also, through our charitably funded Hope Program, makes well and finds homes for thousands of animals who come to us sick, injured, or too young to survive without supportive care. PHS/SPCA is truly an open admission shelter, not only accepting many pet animals who might be refused at other shelters, but also taking care of injured and orphaned native wildlife from San Francisco through San Mateo and the northern half of Santa Clara County. Our work means 6,300 lives saved each year. Please visit www.phs-sPCA.org to learn about all our programs and services, ways to help our animals and special events.
