

Peninsula Humane Society & SPCA

Wildlife Rescue Technician

Job Title: Wildlife Rescue Technician (Seasonal)
Division: Animal Rescue & Control
Reports to: Manager, Animal Rescue & Control
FLSA Status: Non-Exempt/Non-Union/Full-Time
Salary: \$18.94/hour

Summary: The Peninsula Humane Society & SPCA's (PHS/SPCA) Department of Animal Rescue & Control responds to several thousand sick, injured, and abandoned wild animals every year. These wild animals include songbirds, seabirds, waterfowl, raptors, mammals, reptiles, and amphibians. We are looking for a Wildlife Rescue Technician to help facilitate our animal rescue work. This person is responsible for responding to reports of wild animals in distress, in a wide variety of situations, using safe animal handling and transport techniques, safe driving practices, while providing good customer service, along with the ability to communicate in both written and oral forms.

Essential Duties and Responsibilities include the following, other duties may be assigned.

- The ideal candidate will have knowledge of local wildlife including their natural environment and behaviors throughout the year. Must be able to correctly identify a wide variety of wild animals, including birds, mammals, reptiles, and others, to ensure proper and safe handling.
- Provide humane care for all animals, wild and domestic, both in the field and in the Society's care.
- Responds to reports of sick, injured, deceased, or abandoned wildlife in a PHS/SPCA vehicle using safe driving practices.
- Operate a two-way radio and other communication technology in a concise and professional manner.
- Rescue and/or relocate wild animals in distress in a safe and humane manner, often using specialized equipment. May be called upon to assist Animal Control Officers or may call Animal Control Officers to assist on technical or complex rescues or for transporting wild animals that have been impounded.
- Maintain the PHS/SPCA vehicle in a clean and orderly manner, stocked with the necessary equipment. Maintain vehicle and equipment in good working order and report damage to vehicle or equipment.
- Assist in the euthanasia of wild animals as necessary.
- Maintain daily work records on appropriate forms.

- Answer questions and advise the public regarding wild animal issues, quarantines, and other animal laws and related issues.
- Assist other departments as assigned.
- May be required to locate, quarantine, and observe animals for symptoms of rabies, and prepare and generate animal bite reports as necessary.
- Responsible for properly assessing each wild animal situation they respond to and handle everything from small songbirds to larger mammals and raptors in the proper manner, whether it involves education, rescue, or transport, or any combination of those or other skills.
- This is a fast paced and high pressure position. The ideal candidate must be able to multitask and work efficiently and calmly under stressful circumstances.
- Must be able to work well in a team environment and have a professional demeanor and communicate effectively in both written form and verbally with coworkers, volunteers, and the public. Should know when to ask or call for additional advice or support and be able to paint a visual picture of a variety of situations over the phone.
- Perform other duties as assigned to ensure a positive public image, enhance the operation of the organization and improve the quality of life for all animals.
