

Wildlife Rehabilitation Internship Position Description

**Time commitment: 12 weeks
24 hours per week; 8 hours per day; 3 days per week**

Discussion Groups biweekly on Fridays

Coursework:

Intern will be provided with several learning modules. Modules will be provided and reviewed at biweekly discussion groups. Modules will entail reading materials and a series of questions on the reading to be discussed in a group format through Zoom. During discussion group interns will be able to relate their reading material to current cases/patients in the clinic and have a dialogue with the supervisor and other interns about rehabilitation procedures and practices at PHS/SPCA. There will be a final exam at completion of the internship based on both the reading materials and rehabilitation procedures learned in clinic.

Other Requirements:

If applying from outside the Bay Area, you will need to demonstrate that you have secure housing and transportation before accepting the position.

Application Process:

Submit the application through the PHS/SPCA website and send your resume or CV and two written references to Interns@PHS-SPCA.org. Once all the documents are received, you will be contacted for an interview and may be invited to an in person working interview with staff.

Certificate:

Upon completion of the internship program a certificate will be awarded along with a letter of recommendation from PHS/SPCA summarizing coursework, accomplishments and skills learned during the internship.
