# DEAR FELLOW ANIMAL LOVER

A MESSAGE FROM PRESIDENT ANTHONY TANSIMORE

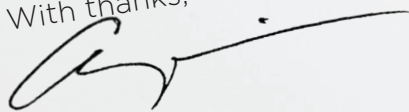

One of my favorite times to go on daily walks with my dog Zoey is the beginning of spring. After the quiet of winter, everywhere Zoey and I walk there seems to be new life being born and sprouting up. It is like that here in the shelter, too! We begin to see more wildlife brought in to us for care, and the earliest of the famous kittens of kitten season begin to arrive!

I am reminded of this same cycle happening with the animals last year. You can get a taste of it in this issue of PawPrint on pages 5 - 6, the Year in Review. Have a look at all we accomplished together. It is plain to see when reviewing those statistics that it took all of your support to make it happen. I am really proud of the staff, all they accomplish, and their deep animal care knowledge. And we know we couldn't get very far without our volunteers and supporters like you.

So I hope you will take a moment when you look at those statistics, as I do when I review them, and realize that every number represents a precious life. In the case of wildlife rehabilitated and returned to its natural habitat, it means our ecosystem is held intact. This is also so true of the one-of-a-kind Imperiled Species Program launched last year. And I know there is a heart-touching story behind every one of those pets contained in the 2025 Year in Review. The same goes for the many lives, young and old, touched by our educators who teach compassion for all living things.

So read through the highlights and enjoy them when you see just how many lives you've changed! Thank you for saying yes so often to joining us in this work. I hope you feel as good as I do when you see all that we accomplished together.

With thanks,

Anthony Tansimore, President

# Donate Locally

## TO SUPPORT YOUR LOCAL ANIMALS

Our local animals depend on your support! National-sounding organizations such as ASPCA, Best Friends, and Humane World for Animals (formally known as H.S.U.S.) do not help local animals in San Mateo County. The Peninsula Humane Society & SPCA (PHS/SPCA) is your community animal welfare organization supporting and saving over 5,000 animals locally each year. Though we might share similar names with some national-sounding organizations, we receive no funding, nor are we affiliated with them.

The only way to help local homeless, abandoned, and abused animals in this community is by volunteering, adopting, or donating directly to PHS/SPCA.

# Forever Friends Legacy Society

## SUPPORTING LOCAL ANIMALS CAN BE YOUR LEGACY!

Those who remember Peninsula Humane Society & SPCA (PHS/SPCA) in their wills, trusts, and other planned gifts are invited to join the Forever Friends Legacy Society. These planned gifts help us ensure that animals in need are given the long-term stability and care they deserve. Consider your legacy and making a difference by including PHS/SPCA in your estate plans — the animals will be forever grateful!

If you have already included PHS/SPCA in your plans, please let us know. We want to make sure your future gift will be used exactly as you intended. We'd also like to thank you and invite you to be a member of our Forever Friends Legacy Society. Members receive a certificate for their files, recognition in our spring edition of PawPrint (unless they choose to remain anonymous), and invitations to Society events and other special activities.

# WILDLIFE CARE CENTER SEES ITS FIRST SHOREBIRD POOLS OCCUPANT!

## BLACK-CROWNED NIGHT HERON IS RELEASED AFTER FULL RECOVERY

**W**e have long been a place for San Mateo County residents to bring wildlife in need of care. Our wildlife work now includes San Francisco and Santa Clara counties as well. With the opening of the new Wildlife Care Center in Saratoga last year, we are more equipped than ever to rehabilitate sick and injured wildlife.

Recently we received a debilitated black-crowned night heron. Veterinary staff performed a thorough examination of the adult bird and observed him to be emaciated, dehydrated, and quite lethargic. During the first few days, our wildlife staff provided all the essentials including warmth, fluids, vitamins, and supplemental tube feedings every two hours. Slowly, the majestic bird began to regain some energy and perk up a bit. After a few more days, the wildlife veterinary staff determined the bird had stabilized. Soon enough, he returned to his sassy-heron self!

Once the heron was able to eat on his own, and his weight stabilized, staff moved him out of the wildlife hospital and into the outdoor shorebird enclosure. This was the very first bird to use the new shorebird pools.

After some time in the shorebird pool, staff determined the heron was able to return to his roost at Pillar Point in Half Moon Bay. When the Wildlife Care Center director released the heron, she swears he looked back at her with a “thank you” nod before flying off into the clear blue sky! ■

### Wildlife Tip

Spring is a time when we see many newly born baby birds. Surprisingly, not all baby birds out of the nest require help. Some are better left alone. Others may require your assistance. For more information, visit [phs-sPCA.org/wildlife/found](https://phs-sPCA.org/wildlife/found). You can also call us at 650-340-7022 if you are uncertain. And be sure to look for bird nests before you do any spring tree trimming! Thank you for caring for our Bay Area wildlife!

# KINDNESS IN THE COMMUNITY

## A SPOTLIGHT ON COMMUNITY GIVING

A special thank you to some of the incredible businesses and individuals who gave to our shelter animals in 2025!

### LING WANG

Ling Wang hosted her 5th annual holiday photo event, generating over \$3,000 in donations for our shelter animals! Thank you to Ling and her event guests for continuing to help our animals.

### CALIFORNIA PIZZA KITCHEN

The California Pizza Kitchen at Hillsdale Mall hosted three fundraisers for our shelter animals. They proved to be the tastiest fundraisers of the year – turning pizza into life-saving funds! Follow our social media channels to learn about our 2026 dates!

### LATTICE

A MASSIVE thank you to our friends at Lattice for donating 150 adoption boxes filled with toys and treats for our adoptable dogs to take home. In addition to the boxes, Lattice donated over 100 more dog toys and treats! Our shelter dogs felt very special as a result of this kindness!

### ATG SAN FRANCISCO

A portion of each ticket to Dog Man: The Musical was donated back to our shelter animals. Thank you, ATG San Francisco!

### WARRIORSSSS!

The Golden State Warriors invited our shelter dogs back to Chase Center to meet the players and hang out in the Thrive City Plaza before a game. Warriors fans learned about our mission and programs, plus the dogs got to meet new people and enjoy an experience outside of the shelter! Pictured to the right are Atticus (adopted) and Pat Spencer. Donations to our shelter can be made at any time. If you, your business, your employer, or a group you are affiliated with is interested in hosting a fundraiser for PHS/SPCA, please contact Special Events Coordinator Tatiana Nori at 650-340-7022 ext. 375 or TMNori@phs-sPCA.org.

# CLARABELLE FINDS HER PERSON AFTER MORE THAN **SIX MONTHS IN THE SHELTER**

**INTENSIVE BEHAVIOR WORK HELPS STRAY CAT FIND HER FOREVER FAMILY**

One day this past summer, a man brought us a stray cat he found in Daly City at West Lake Shopping Center. The cat had a few sparse friendly moments in between lots of growling and swatting. During her medical intake evaluation, veterinary staff noticed hair loss on her back, a wound near her rear leg, and scabs on her abdomen.

After a few weeks of healing, she was more friendly and appreciated attention, however, she would quickly become overstimulated and return to swatting. Since Clarabelle's behavior remained unpredictable, once they tended to her medical ailments, veterinary staff referred Clarabelle to our Behavior staff to work with her sensitive nature and help her learn when it was ok to be less reactive.

The Behavior staff helped Clarabelle settle into the consistency of her new daily routine. Perhaps most importantly, they understood her. They understood she had been on the streets and was protective of her territory, with her survival skills kicking in around other cats. They noticed she was sensitive to touch, perhaps resulting from her recently mended wounds. They used "clicker training" with Clarabelle and she quickly became accustomed to the reward of the clicker sound paired with a treat. She learned to sit, spin around, jump over objects, touch an object for focus, and jump up onto a box or object. These enrichment activities challenged Clarabelle's smart mind. She also benefited from daily TLC sessions from volunteers. The staff paired enrichment work and cuddles with simply sitting side-by-side, knowing Clarabelle wanted attention and love, but not TOO much petting!

When they deemed her ready for adoption, they placed her in a cat condo by herself and away from the other cats so that she would not become unnecessarily stressed.

After some time, the Behavior staff moved Clarabelle, who had become more comfortable, into a condo with more foot traffic so she could be seen by more potential adopters. That was the last leg of Clarabelle's shelter journey. Shortly after she moved, she found her person!

We received this recent update: "Clarabelle has adjusted quickly to her new home. She loves waking up with me before work to get some early morning cuddles and

Clarabelle's 'glamour shot' for her adoption page

she loves even more when I come home in the evening and she gets her treats and dinner! It's been so nice to have each other for company, whether we're sitting together reading, talking to each other (she gets very chatty waiting for her food), or just sitting together. She's an absolute sweetheart."

Nothing makes us more happy than the updates we receive from our adopters. Thanks to our donor-funded Hope Program, on average, 200 animals per month like Clarabelle receive the behavioral and medical help and support they need so they can join their forever families. ■

“**JAMIE CHEUNG** starts training on Thursday. He already gets along with the two cats.”

“**BOOTS** (left) has completely settled in and we are a happy family. He is such a goofball with his sister. The bond that they have for one another is just so adorable.”

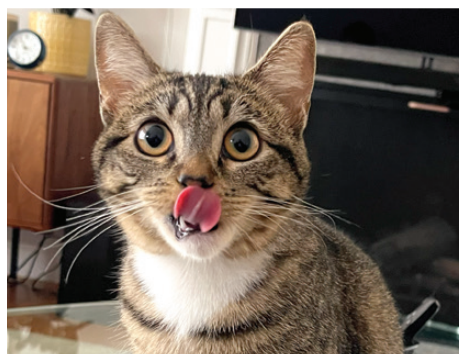

“**SALI** is such a sweet, lovable dog. We are all so happy we adopted her. She is very happy and relaxes once she knows all four of us are home and in the same room.”

**YOUR NAME STAYS WITH US** Please know that while PHS/SPCA never sells, trades, or leases the names and contact information of its supporters and members with other charities or for-profit businesses, many other businesses do in fact offer such information. PHS/SPCA purchases names of possible donors from other charities and for-profit businesses, but that's always a one-way street. For more info, contact Lisa Van Buskirk at 650-340-7022 ext. 327, or LVanBuskirk@phs-sPCA.org.

# Planning Ahead FOR YOUR PETS

Many owners worry about what will happen to their beloved pet if they pass away before their pet does. You can give yourself peace of mind about their care by planning ahead.

Our Continuing Care Program assists owners in designing a plan for their pets that ensures they will be cared for when the owners are no longer there. We will be notified if the pets come into our care unexpectedly, which allows us to implement the Continuing Care plan for the animals and prevents them from becoming unexpectedly stranded.

Enrollment in our program is easy! There are no fees associated with joining — all we ask is that you maintain your membership by making at least one yearly donation of any amount to our shelter animals.

For more information on this valuable service, please contact Lisa Van Buskirk at (650) 340-7022 ext. 327 or [LVanBuskirk@phs-spca.org](mailto:LVanBuskirk@phs-spca.org).
